

NAME: CLASS: DATE:

The number 2 is shaped like a racetrack. Inside the track, there are several math problems. A red race car is positioned at the top right, and a blue race car is at the bottom right.

Math problems on the left side of the 2:

- $2 + 17 = \square$
- $\square = 2$
- $\square - \square = \square$
- $\square - \square = \square$
- $\square = 7$

Math problems in the middle of the 2:

- $\square = \square$
- $\square + \square = 9$

Math problems on the right side of the 2:

- $\square + 2 = \square$
- $\square = 15$
- $\square - \square = \square$
